LIST OF STREETS

Streets with enrolled voters as at

Instructions for Voting Centre Staff

This Streets List only includes those streets which have electors enrolled on the state roll.

ALPHA INDEXING OF THE LIST OF STREETS

You need to be aware of the way the List of Streets has been indexed within certain spellings. THIS ORDER IS THE SAME AS THE ALPHA INDEXING IN THE CERTIFIED ROLL.

- **Word spaces and punctuation characters** are ignored—eg hyphen, apostrophe.
- All names beginning with **MC** or **Mc** are treated as **Mac**.
- All names beginning with **St** followed by a **space**, are treated as **Saint**.
- All names beginning with **Mt** followed by a **space**, are treated as **Mount**.
- All names beginning with **Lt** followed by a **space**, are treated as **Little**.
- All names beginning with **No** followed by a **space**, are treated as **Number**.
- All names beginning with **Dr** followed by a **space**, are treated as **Doctor**.
- Parish names occur in some rural municipalities and are prefixed with **Ph** followed by the Parish name and are treated as **Parish**.

Streets in more than one Ward

- For example:

Auburn Rd, Hawthorn

2-12, 32-290	Glenferrie
3-357	Junction
367-429 16, 318-480	Gardiner

- Note that the odd and even number ranges are given separately. If only one is specified, the other is not included in that particular Ward.
- Where the message "Split by boundary" appears, the street crosses a ward boundary and has unnumbered rural habitations. A map is needed to check the correct ward.
