

# ORIGAMI

## BAT

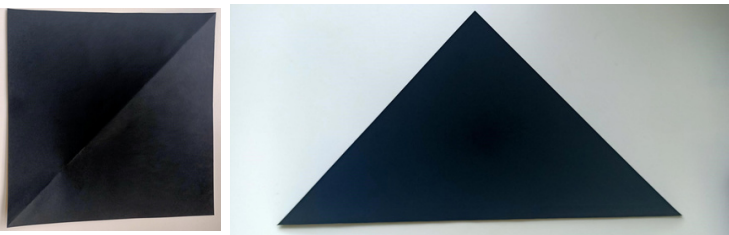

### What you need:

- Square piece of paper
- Scissors
- Pen
- Glue

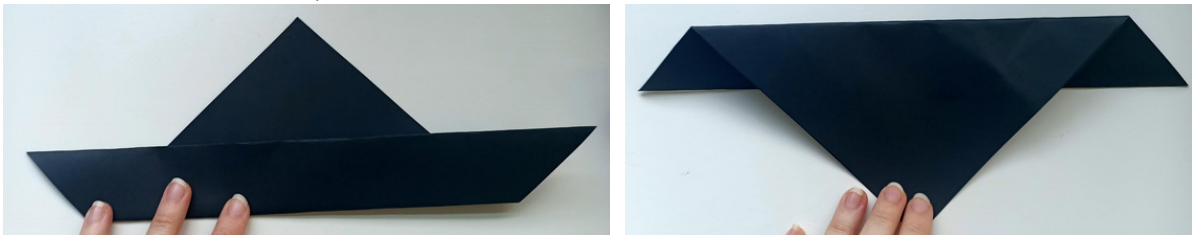

### What to do:

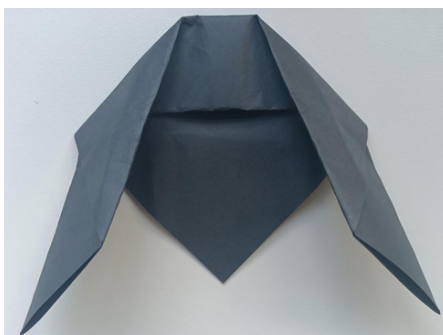

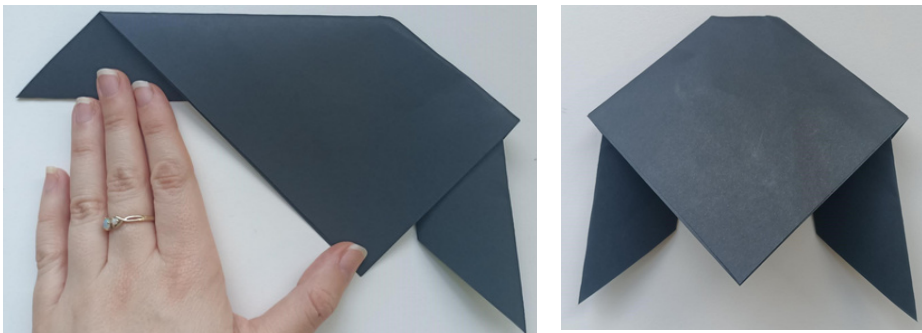

1. Fold the square in half to make a triangle.

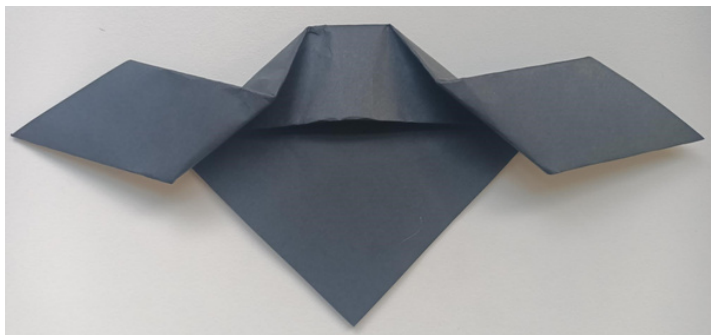

2. Fold the bottom part of the triangle up 1/3 of the way. Flip the paper over and turn around so it matches the second picture below.

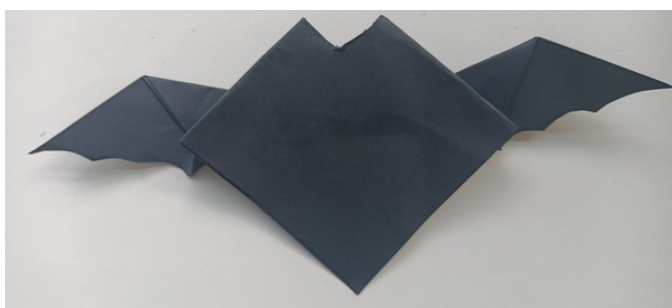

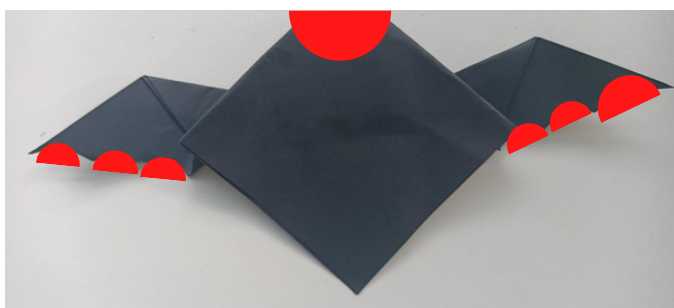

3. Fold the right edge down like in the picture. Repeat with the left side. The third picture below is what it looks like when you turn the paper over.

4. Fold the edges up again to make the bat wings.

5. Using scissors cut a semi circle at the top of the bat. Cut three semi-circles along the bottom of both wings.

6. Draw eyes and a mouth on white paper, cut out and stick onto your bat. How many can you make to decorate your house?

Show us what you have made on the [Kids Club Online Gallery](#).
