

3D Santa in chimney

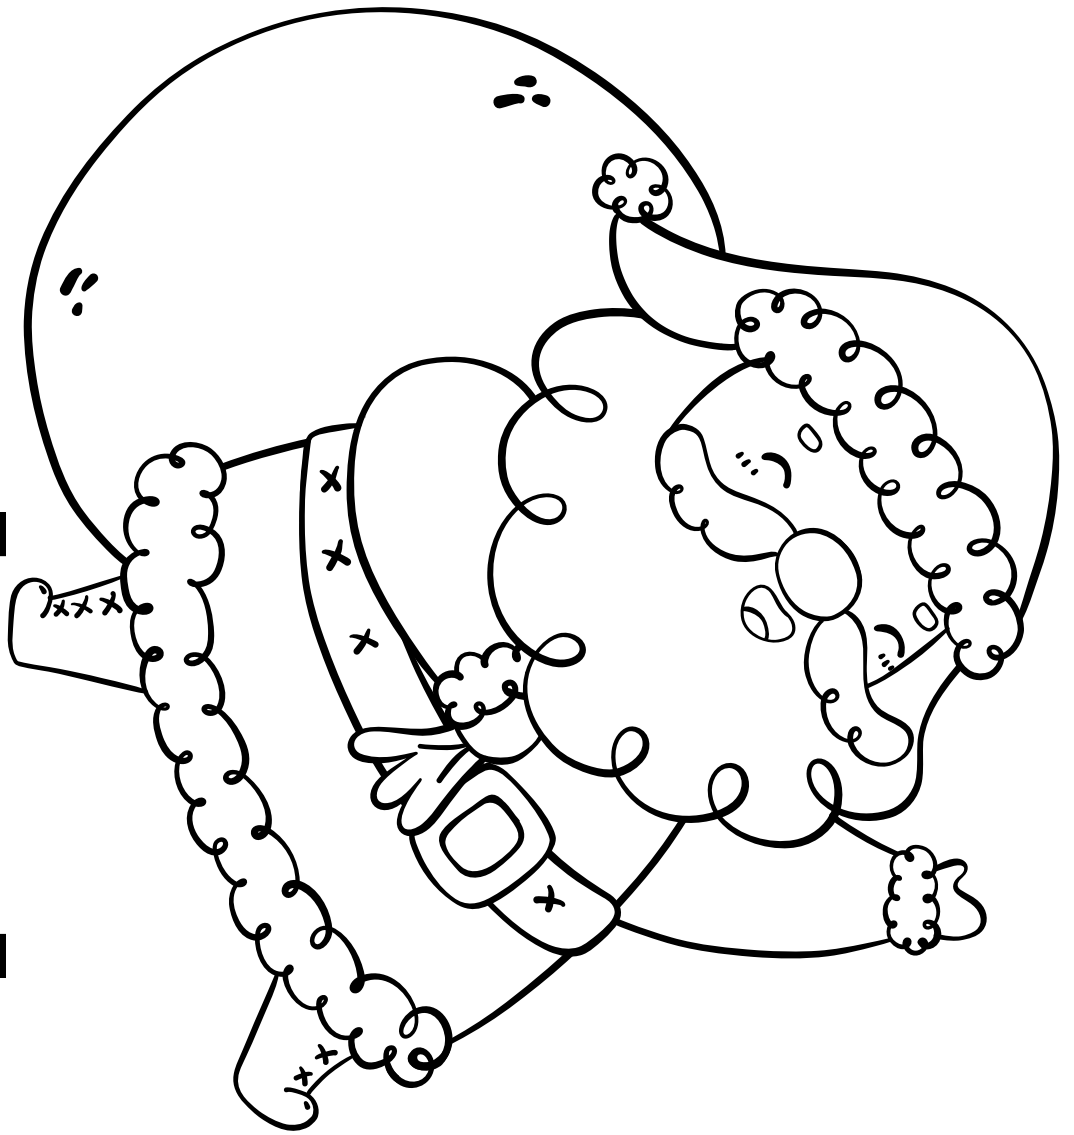

What you need:

- Pencils, textas
- Scissors
- Glue

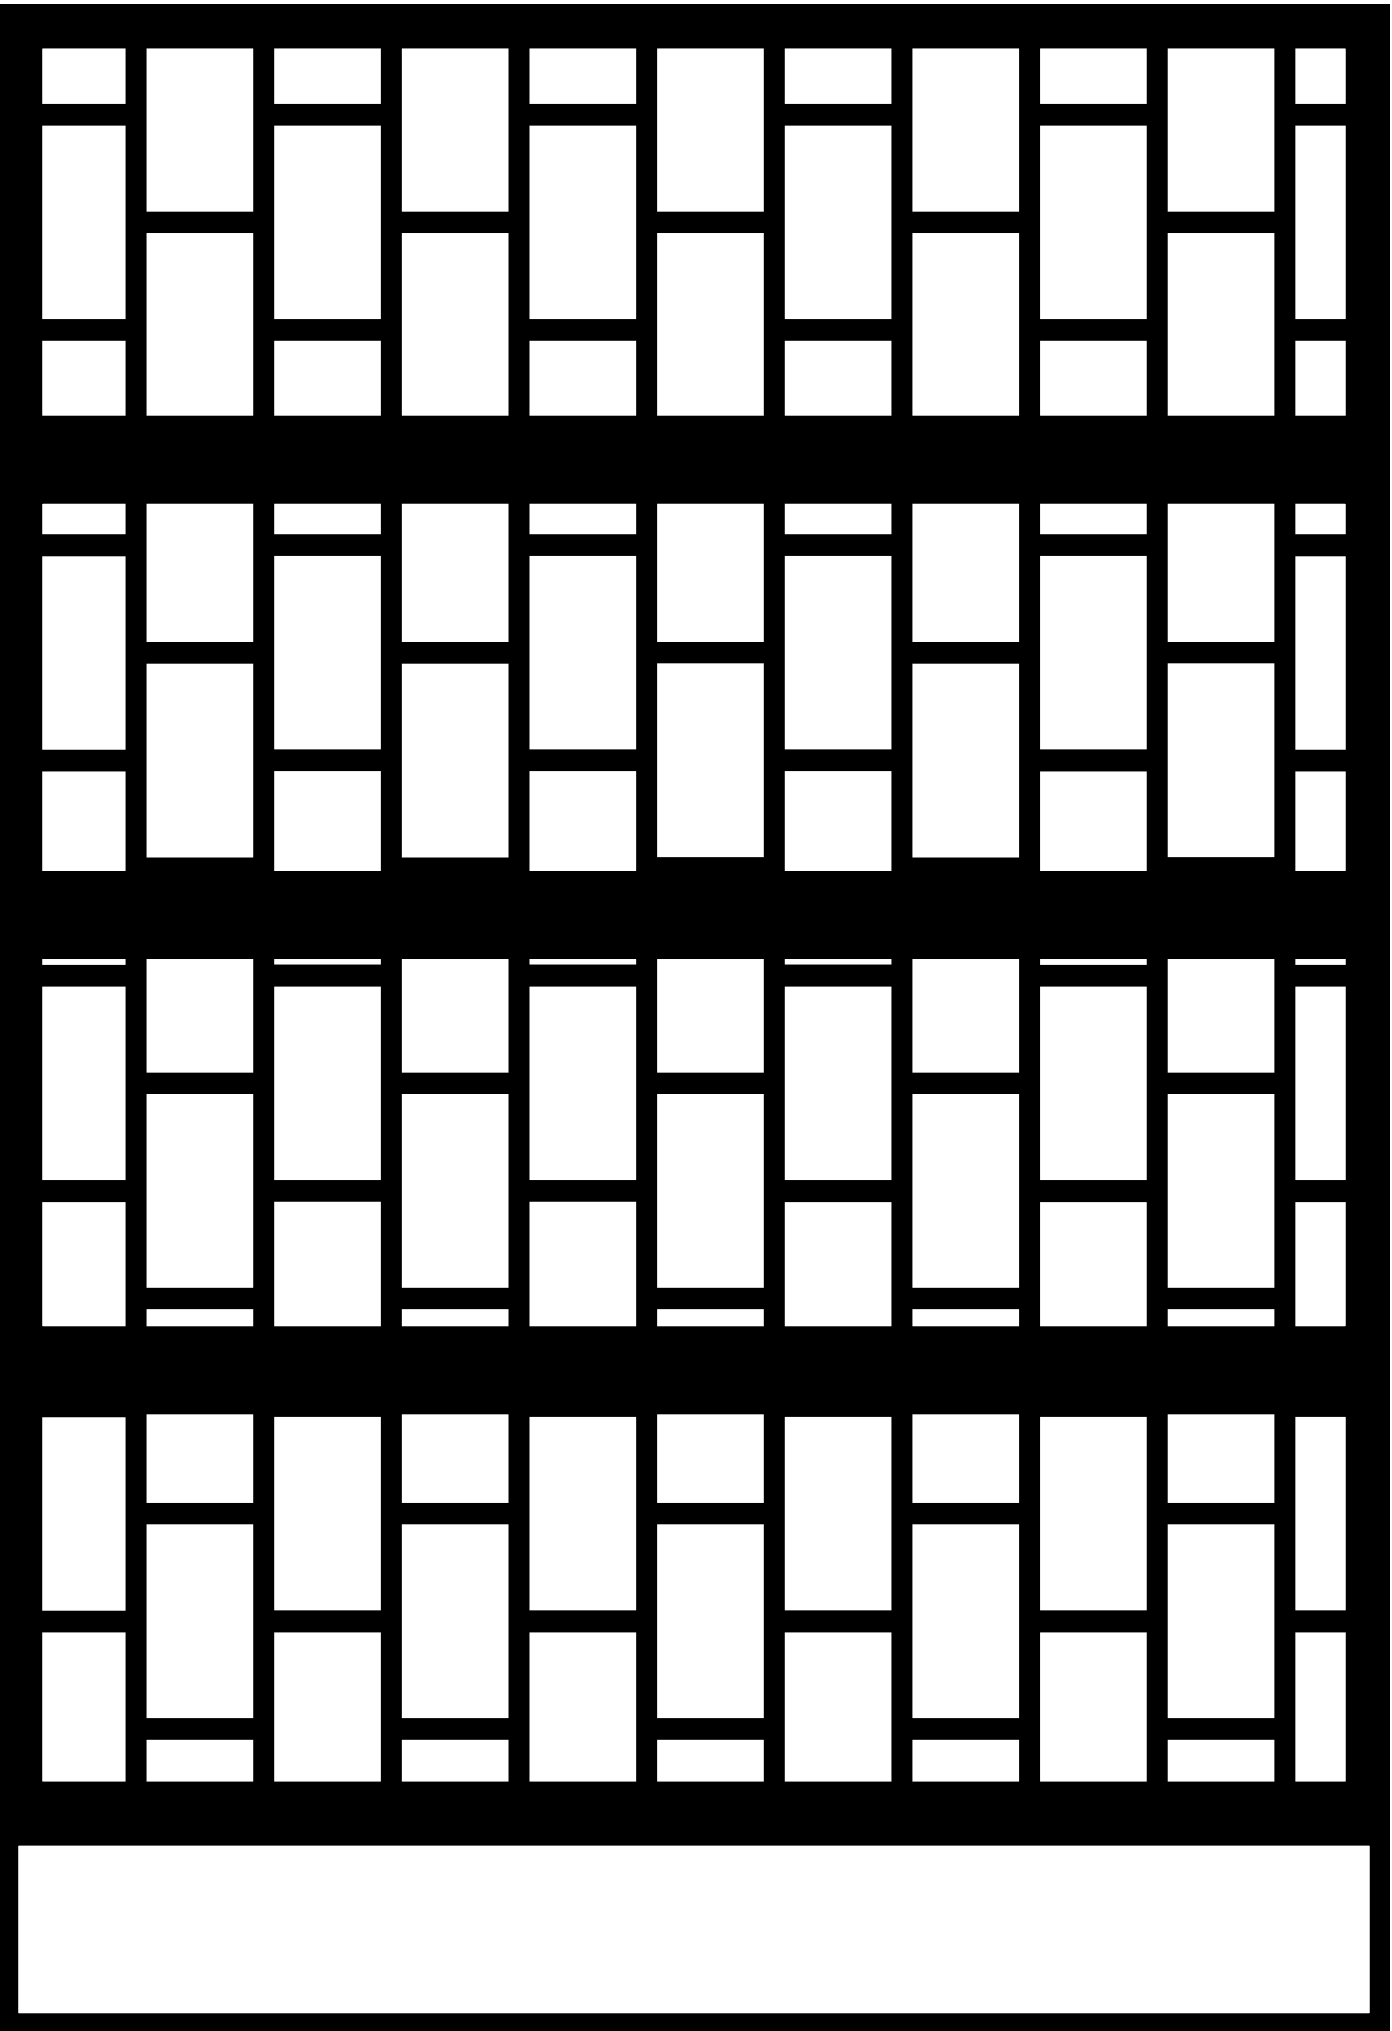

What to do:

1. Print out the Santa and chimney images on the next pages. Colour these in and cut them out.
2. To make the chimney, fold the black lines and glue the white section to the inside to make the shape.
3. Glue or sticky tape the tab on Santa so he stands up inside the chimney.
