

Paper Flowers

What you need:

- Paper roll
- Straws
- Paper
- Pencils/textas
- Scissors
- Sticky tape

What to do:

1. On paper, draw some nature themed pictures, like flowers, trees, sun and clouds.
2. Or you can print the pictures here.
3. Colour the pictures in and cut them out.
4. Decorate the paper roll. You could turn it into a vase, a garden or a tree.
5. Using tape, stick the pictures onto straws at different heights.
6. Tape the straws inside the paper roll. Make some taller and smaller to create an abstract nature design.

Show us what you have made on the [Kids Creations Gallery](#).
