Reindeer Card

What you need:
- Paper
- Pencils/textas
- Foam tape
- Glue
- Scissors

What to do:
1. Print out the next pages with the reindeer images. Colour them in and cut them out.
2. Fold a piece of paper in half to make a card. Decorate the background with a Christmas theme.
3. Stick the first reindeer image down onto the card.
4. Then using the foam tape, layer and stick the other pieces on so they match the first image. The foam tape makes each piece look like it's 3D. If you do not have foam tape, you can fold a piece of sticky tape in a loop and stick this down.

Show us what you have made on the Kids Creations Gallery.
