

Election Campaign Donation Returns

2024 Wyndham City Council General Election

In accordance with Section 306 of the *Local Government Act 2020*, a person who was a candidate in the election must give an election campaign donation return to the Chief Executive Officer within 40 days of the election. These returns are designed to ensure greater transparency about the level of support that all candidates received during the election period.

It should be noted that returns must be lodged even for those candidates who did not receive any disclosable campaign donations. Campaign donation returns are a matter of public record.

For convenience, the following table provides a summary of the information that has been submitted by candidates in the **2024 Wyndham City Council General Election** with regards to their disclosable donations:
