Photos with toy dinosaurs

If you have any toy dinosaurs at home, you can create scenes either inside the house or out in the garden. You might even like to take a series of photos to tell a story. Use some of the photos here as an inspiration. You might even get other toys to interact with the dinosaurs.

Use the garden locations to create a real backdrop for the dinosaurs. Get in close with your camera and make the dinosaurs look larger than they really are.

Inside your house, pose the dinosaurs so that they look like they are interacting with everyday objects.
